

Alpha Insurance Agency was founded in 1978. From the very start our number one objective has been to please our clients. This can only be accomplished with reliable insurance protection and plenty of service. We're proud of the fact that we've been providing just that, reliable insurance protection and excellent service to many local people and businesses.

We write nearly every type of insurance. As an independent agency, we represent many quality companies, resulting in more choices. We're always looking to our companies for new ways to make your protection stronger and your insurance premium lower.

The many new programs and refinements of current ones in the insurance industry require you, the consumer, more than ever before to be represented by an experienced insurance agent.
